DANGER...

- SKIN AND EYE IRRITANT
- RESPIRATORY TRACT IRRITANT
- MAY CAUSE SKIN BURN OR EYE DAMAGE

UN 3262 CORROSIVE SOLID, BASIC INORGANIC, N.O.S.
(CONTAINS SODIUM METASILICATE ANHYDROUS), 8, PG II, CLASS 70

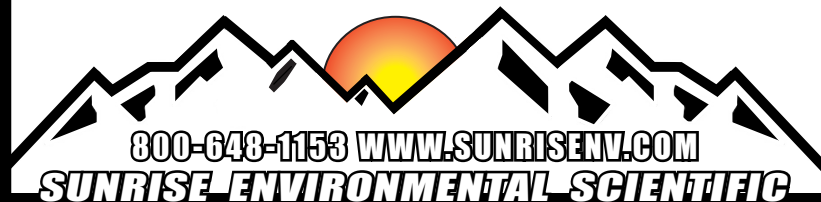

PO Box 10207 ~ Reno, Nevada ~ 89510

METEOR #4022

**METEOR
JUST DIP AND STRIP**

DIRECTIONS: Best results on grease require 6 to 8 oz. per gallon. Disperse throughout tank. More stubborn problems may require stronger dilution. Tank should be heated for best results.

CAUTION: Contains alkaline compound. Avoid contact with skin and eyes. If skin is contacted wash with soap and water. If eyes are contacted flush with water for 15 minutes, see a physician. Avoid breathing dust or vapors. Deliberate inhalation of product can cause severe health problems. Do not ingest, harmful or fatal if swallowed. Store in closed container.
