## ALPHA STRAIN #5052

**ALPHA STRAIN** is the essential ingredient in today's social, industrial and general working environment. This amazing compound instantly sanitizes hands, and arms or wherever applied. Teachers, medical personnel, emt's, police officers and firemen will find **ALPHA STRAIN** an essential tool in their work-place. Use this product to help meet OSHA protocol for medical personnel hand washing. The portable characteristic of **ALPHA STRAIN** makes it both convenient and reliable. **ALPHA STRAIN** is ideal for rest room use after regular hand washing as well.

1. Access **ALPHA STRAIN** wipes through the opening located on top of the container.
2. Flip-open the lid to allow easy removal of wipes.
3. Pull up on wipe and gently pull at a slight angle. This will tear the wipe at its perforation, allowing access to the next wipe.

**Close the lid after each use and  
your wipes will remain moist.**

Please note that the lid on this container is removable, should you need to reload the access cup.
