SUNRISE
ENVIRONMENTAL SCIENTIFIC
Blending the Demands of Industry and Environment

The Sunrise Promise

At Sunrise, we view our relationships with our customers as a business partnership. Our mission is to provide quality solutions for your industrial chemical applications at the best price. To reach this goal, we solicit the opinions of you, our business partner. Your input continues to be a vital part of our organization's development. From customer service to product quality, our goal is to have a customer and business partner for life. If we ever fall short of this commitment, we encourage you to call our office directly and toll free at 1 (800) 648-1153 to let us know how we can exceed your expectations.

Our promise is to make it right!

Safety and Compliance

Every industry in every state has rules and regulations required to ensure the safety of employees and customers alike. Though different, each industry requires quick access to information that is easy to understand. Sunrise leads the industry in providing:

- **GHS and DOT compliant labels. Color-coded and easy to read!**
- **Online access to: Safety Data Sheets, Technical Data Sheets (English and Spanish).**
- **Mobile-friendly website that is easy to use.**

These features are part of the reason our customers continue to depend on Sunrise products. Great products supplemented by these resources lead to an effortless overall experience for your line of work. Reach out to your Sunrise representative for a complete evaluation of your facility's needs.

FOOD GRADE PRODUCTS

Sunrise is proud to present a full and diverse line of NSF and FOOD GRADE products for your processing facility needs. Although these products are made with 100% food grade ingredients, they don't sacrifice Sunrise's trademark quality and performance. A number of our products are proudly registered with the NSF Nonfood Compounds Registration Program.

2N1: has been specially formulated for use in citrus houses and other types of packing facilities where wax buildup and heavy duty grime require constant cleaning. Proper application will allow any user to quickly strip wax buildup from processing machinery. As the wax is being broken down, 2N1 is also cleaning the grease, grime and dirt commonly seen in food processing facilities. By combining two cleaning technologies into one powerful solution, 2N1 is designed to reduce man hours and machinery downtime by 50%. These expense reductions will increase your facilities output and in turn increase the bottom line. #084

ASSAULT: The ultimate in water based cleaners. With **ASSAULT** you have the best of both worlds, a powerful cleaner/degreaser without the harsh solvents or caustics. **ASSAULT** is highly concentrated, allowing for maximum dilution ratios and money savings! #2063

ATTACK: Designed to be used on hard surfaces such as metal, brick, and concrete. **ATTACK** will dissolve away the heaviest dirt and grease. Ideal for removal of forklift tire marks from warehouse floors and oil stains from concrete driveways. #2004

BREAKER 1-9: One of Sunrise's latest formulations in the world of "Food Grade" compounds. This remarkable product is not only a tough citrus-based solvent, but also water-soluble so you can easily rinse away with water after clean up. A favorite product of food processing plants across the Great San Joaquin Valley. #1111

BULL'S EYE FG: A non-staining, stable blended formula that deeply penetrates and eliminates sticking problems and annoying squeaks. Bull's Eye will repel water and ice, as well as retard rust and corrosion. Target this lubricant for all your food processing needs. #1109

CHAIN GUARD FG: A combination of high quality HVI solvent extracted from dual hydrogenated paraffinic and selected synthetic base oils. Fortified with food grade antiwear agents and a tackifier agent to impart maximum antiwear and clinging characteristics. Dielectric to 35K volts. #1004

CLEAR TAC FG: This product is designed for use in higher speed bearing applications or where less tenacious grease is required. Multi-purpose, non-melting, and waterproof. Designed to seal out water and lubricate under the most demanding conditions. #1119

ECHO 7: A powerful compound offering the ultimate in safety and environmental concern. Spray this orange scented, organic solvent on to any hard surface. Watch how quickly and effectively **ECHO 7** takes care of problems within food packing and processing facilities. #1112

GRIME FIGHTER is a highly concentrated and effective in stripping away grime, grease deposits, oil, soap scum, as well as many stains and soft carbon deposits. A rust inhibitor provides safe cleaning of ferrous metals. Grime Fighter can be used for cleaning glass, concrete, sealed wood, quarry tile and all metal surfaces. #5002/2053

LIGHTNING FG UNSCENTED: A stable blended formula that deeply penetrates, eliminating sticking problems and annoying squeaks. Will repel water and ice, and will retard rust and corrosion. It will lubricate and free sticking conveyors, moving parts, and beyond. #2293

ONE SHOT FG: Specifically formulated for the lubrication, maintenance, and protection of equipment in the food processing industry. Lubricates precision equipment, provides lasting protection for tools, jigs, and features. Penetrates and frees rusted or frozen parts. #1039

RT2: This amazing new concept in cleaning is the result of extensive research into the demands of the industry. The entire contents of this bucket are biodegradable, including the wipe itself. The innovative formula which impregnates these powerful wipes allows for the toughest cleaning jobs, yet is buffered to use less demanding tasks. RT2 wipes can be used across your facility for general purpose cleaning. The portability of these scrubs makes them the item choice for all types of businesses. #4048

SLING GLIDE II: is at the forefront of lubrication technology in the agricultural industry. This compound is designed to lubricate and protect rubber tree shaker slings, while at the same time preventing bark damage to the tree. In automatic water injection systems, Sling Glide II will be applied each time the sling clamp opens. The surface of the shaker sling will be re-coated with a protective film. Sling Glide is also an excellent wire pulling compound and tire mounting lubricant. #2051

SNIPER: A unique combination of ingredients that markedly reduces surface tension which permits rapid, deep penetration of corroded parts. **SNIPER's** unique spray head permits spraying from an angle. **SNIPER** has an affinity to metal which aids penetration. Residual oil film lubricates and provides protection. #1110

STAY SLICK FG: Formulated for long-lasting lubrication and rust protection in food processing facilities. Premium synthetic compounds are designed to out-last similar spray greases by 3 times, saving time and money. High temperature range (20-350°) makes this the go-to option for all areas of a food processing facility. #1114

SUPER GLIDE FG: Non-staining orange scented silicone that eliminates sticking problems and annoying squeaks. Will repel water, ice, and will retard rust and corrosion from all moving parts, including food processing equipment. May also be used on rubber, leather, metal, nylon, wood, and painted surfaces. #1087

NSF NSF Approved

Sunrise Environmental is proud to provide a number of solutions that are approved by the NSF Nonfood Compounds Registration Program. This program helps develop public health standards and provides certifications to protect the world's food, water, environment, and consumer products. Our commitment to public health and safety is a top priority. For detailed information about the NSF program, visit their website at www.nsf.org.

OUTDOOR & INDUSTRIAL MAINTNANCE

Some things you just can't buy at the mega-box stores. Good thing there's Sunrise! Our Outdoor & Industrial Maintenance line is full of products you just can't find anywhere else. These items are specifically designed to remove industrial level and everyday problems.

AGRI FLUSH: Neutralizes and cleans pesticide, herbicide, and fertilizer containers. Powerful and easy to use, even with the heavy demands of vegetation upkeep. #4029 🌱

AQUA THERM: Additive for hot and warm water circulating parts washers. For ferrous and non-ferrous metals. Penetrates the most difficult oil and grease-bearing soils. #2085 💧

ASPHALT RELEASE: Easily removes asphalt and concrete forms. Soy is used as the main active ingredient and is environmentally compliant. #2131 💧

BAN ICE: Granular ice melter. Prevents concrete destruction by preventing "freeze & thaw" cycle. Contains the patented additive "Propolyice," which combines with melted snow to form a polymer barrier. #4006 🌨️

CHAMELION: The ultimate for concrete floor cleaning. Cuts through the toughest grease, but is user friendly in all environments. #4035 🌈

CITRA-SLIDE: A unique approach to the issue of asphalt release agents. Citrus and soy join together to provide bed protection for multiple loads of asphalt. Doubles as a superb cleaner for slurry and related buildup. #2039 💧

CONQUER: A versatile, biodegradable concrete, scale, and hard water remover. Removes mineral deposits from glass and scale buildup. Contains no inorganic acids. Ensures personal safety and lower operating costs. #2027 💧

DEFENDER: Guards concrete, stone, pavers, and other forms of masonry from stains and water damage. Saturates the surface with a barrier to stop liquids coming into the stone. #2117 💧

DISINTEGRATE: For sewage treatment plants, lagoons, septic tanks, cesspools, drains, and grease trap treatment. Non-caustic and non-corrosive. Contains aerobic and anaerobic bacteria. #4024 🌱

D.O.A WASP KILLER: Kills wasps, hornets, bees, and spiders outdoors. Kills roaches, crickets, ants, spiders, centipedes, silverfish, and water bugs indoors. Long range with residual action! #1041 🐝

ENVIRO-SOLVE: Breaks down grease and sludge buildup in lift stations. First floats on top of water to mask odor, then finishes by breaking down buildup. #2108 💧

ERASE: This amazing new product has been developed to remove paints, inks, crayons, lipstick and pother unsightly obscenities from virtually any hard surface. With it's citrus fragrance, Erase aids in leaving the area with a clean scent. In addition, Erase works well on masonry surfaces. #1084 🖍️

F.F. EJ-1: Highly concentrated blend of surfactants, salts, and detergents. This compound is ideal for stripping and degreasing all ferrous and non-ferrous metal parts normally cleaned in a Jet Washing machine. #4026 🚰

FORMULA 44-40: Cuts through the toughest grease. User friendly in all environments. Perfect for concrete floors and areas that require a heavy-duty cleaner. Economical and powerful! #4045 🌊

G-FORCE: Graffiti remover for walls, concrete, and broad sections of surfaces. Removes paint, crayon, marker, pencil, lipstick, and most forms of graffiti. #2149 🎨

GHOST: Removes adhesive from turf, tools, and hands. Specifically for the artificial turf industry. Completely evaporates, will not leave a mess! #1125 🎯

HOTLINE: Granulated sewer compound activated by water. Removes debris and settlements from sewer lines. This non-flammable powder is fast acting for immediate results. For industrial use only. #4001 🚰

METEOR: Safe, non-alkaline "hot-tank" cleaner. Cleans non-ferrous metals of grease, paint, carbo, and grime. Just dip and strip! #4022 🌠

NOSRE D.N.A.: Penetrates the most stubborn grease and carbon buildup while providing reduced incidence of nozzle blockage. Recommended to be used together with our SWEET SPOT product to prevent foam. #4025 🌊

PREVENT: Melts ice and snow. Prevents freezing on sidewalks, driveways, and other places where ice and snow may be a problem. No harsh heat-generating chemicals to harm plant operations. #2050 💧

PURGE: Breaks down the solids in lift stations. Liquefies the solids, allowing them to be flushed down the lines as the float activates. #4034 🚰

SHADE: Water tinting compound. Safe and harmless to humans and animals when using recommended dilution rates. For any desired body of water. #2034 💧

SPIL-SORB: Highly absorbent material designed to accelerate the cleaning process. Ideal for commercial shops, bus garages, or wherever spills occur. Absorbs oil, fuels, greases, and solvents to make short work of your cleaning process. #4017 🌊

STRONG ARM: Perfect for cleaning concrete floors and those tough areas that require an extra heavy-duty cleaner. Due to its concentrated powder form, **STRONG ARM** is the optimal choice for the price conscientious consumer. One 40 lb. keg of **STRONG ARM** makes up to 240 gallons of powerful cleaner. #4003 🚰

STD-1000: Blend of enzymes and bacteria for efficient sewage digestion. Non-caustic and non-corrosive. Digests proteins, fats, starches, carbs, and cellulose. #4007 🌱

TALON: Superior graffiti remover for highway and street signs. Typically won't remove luminescent or reflective qualities of the sign. Removes most paints and inks. #1078 🎨

THERMO DIP: Granular dip-tank compound for cleaning all ferrous metal types. Simply mix THERMO DIP into heated bath water, soak parts, remove, and rinse free. #4014 🌊

WIPE OFF

Our flagship product is used internationally for quick, easy, and efficient removal of graffiti from any surface. Removes paint, ink, crayon, lipstick, and any other form of vandalism. A must have product for public works departments, portable toilet companies, etc. #1009 (#1081 in CA) 🎨

BEFORE WIPE OFF

AFTER WIPE OFF

Before and after graffiti removal, a job well done using our very own WIPE OFF! This \$2,400 portable restroom covered in black spray paint SAVED by using only three cans of WIPE OFF costing around only \$40!

"Hands down, WIPE OFF is the best graffiti remover we've ever used!"
Bill, Les Schwab Tires - Transport Division

~ Prineville, OR

"WIPE OFF, by far one of the best products on the market, customer service is as good as it gets."
Joseph, Superior Sanitary Supplies

~ Oxnard, CA

LUBRICANT PRODUCTS

Sunrise's unique line of quality lubricants has become an industry cornerstone. We are proud to offer a wide variety of products featuring multiple lubricating agents. Choose from products blended with mineral oils, Teflon®, silicone, moly, synthetic grease, and more! We have the answer to your sticky situation.

AF3: This economical lubricant that can take on all tasks. Spray AF3 anywhere you have creaky hinges, rusty bolts or on any other job that may need a lubricant. Enjoy its quality at a fraction of the cost of its competitors. #1013

ALL FREE II: This unique combination of ingredients markedly reduces surface tension which permits rapid, deep penetration of corroded parts. Residual oil film lubricates and provides protection against subsequent corrosion. Spray from any angle and reach any area with **ALL FREE II's** special spraying head. #1068

BOLTZ: The most advanced penetrating lube on the market. Formulated with moly for extra lubrication and lithium for effectiveness under high heat. #1096

NSF BULL'S EYE FG: Non-staining, stable blended formula that deeply penetrates sticking and squeaking problems. Target this lubricant for all your food processing needs. NSF certified. #1109

CHAIN AND CABLE: designed to reduce friction and wear as well as extend the life of the chain. **CHAIN AND CABLE LUBE** is fortified with the highest quality ingredients designed to perform in the toughest conditions. **CHAIN AND CABLE LUBE** will create a tough durable film designed to protect from friction, wear and corrosion over a very wide variety of temperatures. #1139

NSF CHAIN GUARD FG: Combination of HVI solvent and selected synthetic base oils. Fortified with food grade antiwear agents and a tackifier agent. Dielectric to 35K volts. NSF certified. #1004

CYCLONE: Quickly penetrates and creates a protective shield around metal parts. Made with PTFE. #1011

ENDURO-LUBE: Chain lubricant with Anti-Seize. Dispenses as a viscous fluid, and morphs into a gel. Inhibits dust particles and offers protection against rust. #1052

FOUR WAY: Lubricates precision equipment. Provides lasting protection for tools, jigs and fixtures. Penetrates and frees rusted or frozen parts. **FOUR WAY** protects metals stored indoors and outdoors, displaces moisture on electrical and electronic equipment, and waterproofs ignition systems and terminals. Dielectric to 31K volts. #1022

GLIDE: Precision blend of synthetic compounds with the benefit of STP. For extreme temperature ranges. As **GLIDE's** temp rises, viscosity will elevate in order to cling to the target surface. #1097

HURRICANE: A blend of TEFLON and "Banana Oil." These two components together make **HURRICANE** the most effective lubricant and penetrating compound on the market. The unique ingredients in **HURRICANE** enable it to protect metal parts and free locked nuts and bolts rapidly. #1077

KWIK KUT: A scientifically formulated cutting fluid that cools, lubricates, and reduces friction during threading, drilling, and tapping operations. **KWIK KUT** is colorless and provides constant sight of the cutting area. It will not drip, reducing mess and time-consuming clean up. #1053

LATHEX: Concentrated, water-soluble oil. Based on modern polymer lubrication technology. Petroleum free. For all metal-working applications. #2066

LIGHTNING: Non-staining orange scented silicone. Eliminates sticking and squeaking problems. Use on rubber, leather, metal, nylon, wood, and painted surfaces. #2173

NSF LIGHTNING UNSCENTED FG: This product is identical to its predecessor Lightning, but it is formulated to meet food grade standards. Perfect for meeting the demands of lubrication and food safety all in one! NSF certified. #2293

MAGIC GLIDE: Non-staining, siliconized lubricant. Repels water and ice. Retards rust and corrosion. #1034

MEGA LUBE: Anti-friction lubricant containing micro-particles of molybdenum disulfide. For temperatures 110-1050°, pressures up to 100,000 PSI. Will not react with water, oil, alkalis, or many acids. Fast drying. #1016

ONE SHOT FG: Lubricant for the food processing industry. For precision equipment, tools, jigs, etc. Frees rusted or frozen parts. #1039

PAD & SHAKER PRE-TREAT: Treat rubber slings before shaker season to extend the life of your shaker pads. #1126/#5026

RELEASE 212: Non-staining, siliconized lubricant. Made to lubricate and free-up sticking windows, doors, drawers, zippers, cabinets, etc. #2076

RELEASE 222: Clear silicone lubricant designed to protect rubber tree shaker slings. Penetrates into rubber to create a slippery surface. Prevents bark damage on the tree! #2002

RELEASE 230: Clear non-toxic silicone/petrolatum spray. Penetrates into rubber then gels and thickens to provide a slippery barrier. #1094

RELEASE 250: Gelled lubricant for the nut tree shaking industry. Thicker lubricant means less "carrier agent" and more lubricant! Provides long lasting protection against gumming and rubber breakdown. #1124

NSF SLING GLIDE II: The forefront of lubrication technology in the agricultural industry. This compound lubricates and protects rubber tree shaker slings, while at the same time preventing bark damage to the tree. In automatic water injection systems, **SLING GLIDE II** will be applied each time the sling clamp opens. #2051

SNIPER: Reduces surface tension and creates rapid, deep penetration of corroded parts. **SNIPER** has an affinity to metal. Residual oil film lubricates and protects the surface. #1110

NSF STAY SLICK FG: Formulated for long-lasting lubrication and rust protection in food processing facilities. Premium synthetic compounds are designed to out-last similar spray greases by 3 times, saving time and money. High temperature range (20-350°) makes this the go-to option for all areas of a food processing facility. #1114

SUPER GLIDE FG: Non-staining orange scented silicone. Eliminates sticking and squeaking problems. Used on rubber, leather, metal, nylon, wood, and painted surfaces. #1087

TEF-LUBE: Dry lubricant and release agent for various applications. Ideal for jobs where dust and dirt particles are a constant concern. #1024

SOLVENT-BASED CLEANERS

Solvents are designed to quickly and easily clean oil, grease, and other contaminants. Our SOLVENT-BASED CLEANERS are made for aggressive performance across multiple industries and applications.

EXECUTE: The forefront of cleaning technology. EXECUTE's unique gelling action enables it to stay on vertical surfaces longer for deeper cleaning ability. For any hard surface. Cleans glue residue, asphalt, slurry, and black kick marks. #1083 🧴💧

EXETER: Powerful, orange-scented degreaser offering the ultimate in safety and environmental concern. Ideal for use in parts washers as it quickly removes grease and grime. EXETER is extremely effective on glues, tape residue, and cable icky-pik. #1065 🧴💧

EZ-1: Instantly removes heavy grease and grime without mechanical scrubbing. Benzene free, non-corrosive, and leaves no residue. Does not affect plastic parts and can be used on aluminum and alloy parts. #2100 💧

LEKTRIKLEEN: Fast-evaporating compound leaves no residue. Ideal for cutting and penetrating all soils associated with the electronics environment, including flux. For use on energized equipment only, such as circuit boards and transformers. #1033/2041 🧴💧

OVERTIME: Ideal for degreasing highway equipment, machinery, engines, and other automotive related components. Not available in California. #1006 🧴

PHAZER II: Formulated for removing oil, grease, flux, and other contaminants from sophisticated electronic parts. No residue! Use on control panels, tuners, terminals, and electronic equipment. #1031 🧴

PRISM: Fully biodegradable tar and grease remover for environmentally sensitive applications and safety for users. For use in all tar, crude oil, asphalt, and general degreasing applications. Based on citrus distillate and biodegradable detergent-suspending system. #1066/2094 🧴💧

SOLVEX: Maximum performance solvent. Provides excellent cutting ability. For use in parts washing equipment or as a pre-soak prior to cleaning. No dilution required for California VOC. #2029 💧

STRIKER: Powerful solvent-based cleaner. For use on energized equipment only. #1108 🧴

VOLTON: Non-flammable solvent. For use on energized equipment only. Will cause damage to certain plastics. #1042 🧴

“I have been replacing a floor in an office. I had a glue mess that wouldn't come up with an 8 inch floor scraper. I was very surprised that the Exeter began to loosen the mastic so that I could remove it with a floor scraper. It is great to find a product that really works. I highly recommend Exeter.”

- Mike Thomey, MTM Reno Inc.

ACID-BASED CLEANERS

Acid-based cleaners are an efficient and economical answer to a potentially difficult problem: mineral deposits. From concrete mixers to windows, this buildup is nearly impossible without a product specifically formulated for this purpose. Consult your Sunrise Rep for your best solution!

AB-73: Designed to remove anodic and chromate coatings on aluminum. Removes calcium stains of all kinds. Brush or spray on. Let dwell until a foam blanket occurs. #2015 🧴💧

CC-32: Removes hardened cement from handling equipment such as bulk cement haulers, Redi-mix equipment, cement mixers, and locations in cement manufacturing plants. Clings to vertical surfaces for easier use. Reduces rusting and penetrates corrosion and concrete. #2011 🧴💧

DAIRY BRITE: This one-of-a-kind formula has been designed to effortlessly remove milkstone and other types of corrosion. DAIRY BRITE is the ultimate product for exterior use on stainless steel milk lines, tanks, glass windows, concrete tile, and grouting. #2070 🧴💧

GLISTEN: Excellent for cleaning and deodorizing toilets and urinals, bathroom fixtures, showers, and porcelain. Formulated with a gentle acid for easy removal of scale buildup. Pleasant cherry scent and viscous body makes this product a favorite for all janitorial and cleaning crews. #2017 🧴💧

RUSTY: Designed to remove rust from all metal surfaces with ease. Apply full strength or reduce with water according to the rust buildup, or your required speed of operation. #2127 🧴💧

TOMAHAWK: Designed to remove road film, mineral deposits, and hard water buildup. TOMAHAWK is ideal for removing concrete and residue from fleet vehicles and Redi-mix trucks. Leaves a clean and radiant shine on most surfaces after application. #2073 🧴💧

TRUCK RESTORE

Removes anodic and chromate coatings on aluminum. Leaves a clean and brilliant shine on most aluminum surfaces. This product is a long time favorite of our customers because nothing else works like it! #2122 🧴💧

Proper cleaning and scheduled maintenance is becoming ever-more valuable in today's economic climate. Customers are increasingly sensitive to the visual appearance of your fleet and facility. Pair this with new equipment cost and it is easy to appreciate SUNRISE's complete line of products for automotive needs

ARMOUR GUARD: A revolutionary system designed to rejuvenate vinyl, plastics, leather, rubber, wood, chrome, and some painted surfaces. **ARMOUR GUARD** creates a beautiful cosmetic effect and provides a functional, non-slip barrier against deterioration. #2062

BLACK WIDOW: Tire shine compound that lasts long even through vehicle washing and rain. Protects and prevents tire browning. For rubber, plastics, vinyl tops, and tires. #2236

CABLE CLEAN: Penetrates dirt, grime, and corrosion instantly. Seals battery surface and allows battery-associated attachments to be kept in the best condition, in or out of storage. Spray batteries with a light application for lasting protection. #1046

CARB FREE: Cleans, penetrates, and dissolves gum, varnish, and carbon from carburetor, linkage, butterfly valve, automatic choke, PCV system, and other critical areas. VOC compliant for use in California. #1044

CLEAN 'N' SHINE: The combination of detergents, surfactants, water softening, and glazing compounds in this product removes the toughest grime. Simultaneously leaves a lustrous glazing on the surface. #2101

- Wash and wax compound
- Dilutable
- Water softening compounds, safe for use on all surfaces

DEFROST: Thaws ice from headlights, locks, doors, icy steps, equipment, and other surfaces and objects where ice removal is necessary for safe operation. Works instantly! #1007

DYNAMITE: A scientific blend of fine carnauba waxes quickly removes years of oxidation while leaving a brilliant shine. Works on all types of vehicles. For painted surfaces. #1049

ENHANCE: Protects and restores vinyl, plastic, rubber, leather, chrome, and most painted surfaces. Eliminates the harmful effects of age, elements, wear and tear. #1025

KLEEN BRAKE: Cleaner that flushes away contaminants and evaporates instantly. Cleans without damaging metal or brake shoes. VOC compliant for use in California. #1098

MD-77: Powdered soap for heavy-duty cleaning. Works on trucks, buses, and all stubborn cleaning applications. Safe on acrylic, laquer, metallic painted surfaces, chrome, aluminum, and stainless steel when used as directed. #4012

MIRACLE WASH: Single-phase wash and wax. Dynamic dilution capabilities for reduced cost! Neutral pH for environmentally safe use. #2200

PREEN: Receive all of the benefits of ARMOUR GUARD and ENHANCE in this pre-treated rag product! Protects, rejuvenates, and leaves a beautiful finish on vinyl, plastics, rubber, and other surfaces! #4030

RADEX 321: Radiator treatment. Combats corrosion and scale buildup. These harmful deposits can mean higher engine temperatures and shorter engine life. Safe to use with all types of anti-freeze. #2059

REFLECTION: A blend of emulsifiers and micro-waxes specifically formulated for use on all lacquer and enamel finishes and chrome trim. Stands up to weather, dirt, and detergents while maintaining a long lasting shine. #1054

RENEWZ: Puts back the black shine in your vehicle's faded and oxidized plastic and rubber. For anywhere you notice oxidizing plastic! #1128

SEE & THAW: Concentrated washer fluid for all temperature ranges. Reduced emulsifiers limit hazardous streaking on glass. Protects from -70°F or higher. See TUNDRA for use in California. #2008

SUDSY: Formulated for automatic and manual car washing systems. The high-volume foam and heavy concentration of **SUDSY** creates excellent foam stability at a very high rate of dilution. Dilute up to 300:1 for the industry's most economical foaming-wash soap. #2037

TRACTOR RESTORE: A scientific blend of fine carnauba waxes that does an outstanding job in restoring and protecting your tractor from the harmful elements of nature. Special foaming actuator makes for easy application. #1012

TRAIL BLAZER: Replacement for Hydrofluoric Acid. Advanced technology allows safe removal of grime, oxidation, and calcium buildup. #2079

- Organic salt based for low pH and safe use, replaces typical acids
- No D.O.T. shipping regulations for low cost shipping and flexible packaging

TUNDRA: California compliant windshield washer fluid for use in all temperature ranges. Quickly cleans windshields, headlights, mirrors, and other vital operating components. Reduced emulsifiers limit hazardous streaking on glass. Meets VOC requirements for "A" and "B" areas as described by CA-EPA. #2137

VECTOR: Powerful, non-flammable, non-corrosive cleaner. Highly concentrated for maximum dilution ratios. Ideal for removing road film, diesel smoke, and heavily soiled areas prone to the fleet industry. #2067

VULCAN: This revolutionary tire sealant is quickly and easily installed through a tire's valve stem. The adhesion properties keep the solution in place at all times, ready to permanently seal any potential source of air loss for the life of the tire. Increases fuel efficiency and downtime due to flat tires. #2238

DYNAMITE

Sunrise Test Lab: Car Oxidation Removal

See Dynamite in action as it removes oxidation from the hood of a clunker-car. Leaves the affected area with a brilliant shine and smooth finish. Notice the stark difference Dynamite makes compared to untreated oxidation.

Apply, Wipe, Dry, Done!

JANITORIAL PRODUCTS

Our extensive line of JANITORIAL cleaning supplies have been engineered for complete satisfaction to our customers. Many of our products have been cleaning offices, apartments, and other facilities for over 40 years! Don't forget to check out our complete line of ODOR CONTROL items as well.

ACRILAX: Floor cleaner that leaves a high gloss finish with no slipperiness. Creates slip resistant, water resistant, and scuff resistant floors. #2035 🚿

BLITZ: Granular drain opening system. For heavy-duty jobs. Will not harm plastics or other drain components. Use in sink or floor drains for quick and easy debris removal. #3004 🚿🧼

BRITE WASH: A granular laundry detergent concentrate. **BRITE WASH** lifts out and floats away tough dirt and grime, yet is safe to any washable fabric. Easily removes any stain, grease, or grime. In most cases you can use up to half as much **BRITE WASH** to do the same job you're currently doing. #4002 🚿

KRYSTAL ICE: Alcohol and harsh solvent free cleaner for glass, chrome, and porcelain. Fast-drying and non-streaking when used as directed. The most advanced technology in its market! #1067 🚿💧

LIFT-OFF: Carpet and upholstery spot cleaner. For use on all soft surfaces such as carpets, curtains, and other domestic products. Will remove most minor stains. #1100 🚿

METAL MAGIC: For any stainless steel surface. No scrubbing necessary, just spray and wipe! Leaves a lasting protective film with no residue. Acid and abrasive free. #1035 🚿

OVEN MAGIC: For porcelain, chrome, glass, ceramic, stainless steel, and cast iron oven surfaces. Foaming solution reduces scrubbing and repeat applications. #1021 🚿🧼

PACEMAKER: Proven cleaner for table tops, bathroom fixtures, tile, vinyl, leather, upholstery, formica, etc. For varnished, painted, or enameled surfaces. #1037 🚿

POWER PLUS: Designed for today's new, more durable polymer finishes. Unlocks cross linked polymers to provide easy floor stripping. #2058 🚿

QUASAR: Provides fast acting, non-streaking performance that makes glass cleaning easy. The tri-ammonia blend of this product allows it to be sprayed on and wiped off without any residue left behind. #1107 🚿💧

QUICKDRAW: Designed for high speed application and removal of most carpet and upholstery spots, spills, and blemishes. It's time for a showdown with your carpets and upholstery. #1058 🚿

RED FLASH: Extremely effective drain opener that controls organic blockage due to paper, hair, grease, lint, etc. Used as a regular maintenance item. Will not harm pipe systems. #2010 🚿🧼

SHIMMER RTU ("READY TO USE"): Glass cleaner conveniently packaged in 32 oz. spray bottles for quick, easy, and efficient use. Cuts through fingerprints, smudge, and buildup with ease. Leaves your glass and chrome shiny and streak free. Ideal for any and all facilities! #5057 🚿

STREAK OUT: Excellent for windows, mirrors, windshields, and other glass objects. Contains no ammonia and will leave a clean, streak free surface every time. #1129 🚿

TOTAL DISINFECTANT SPRAY: Helps kill: Pseudomonas, Virucide, Mildewicide, Fungicide, Staphylocide, and Tuberculocide. Disinfects Herpes Simplex virus type 1 and 2. Influenza A2 (Hong Kong) and HIV-1 (AIDS virus). Use airborne or on surfaces. Pleasant scent for a fresh environment. Available in California. #1018 🚿

TRAPSHOOT: A natural citrus-based grease and tar dissolver. Our answer to sluggish drains and their offensive odors. This product is also an excellent grease and tar remover in solvent applications. Use on a weekly basis for best results. #2091 🚿

ULTIMATE: Highly concentrated liquid for use in modern steam cleaning and extractor type carpet cleaning equipment. Includes optical brighteners, water conditioners, and a true odor counteractant. Leaves a refreshingly clean fragrance. #2025 🚿

WHIRLWIND: Minimizes the spotting and mottling of carpet and upholstery surfaces. Designed to leave minimum detergent residue. Full strength cleaner may be used sparingly to instantly remove spots and stains of all kinds. #2087 🚿

WHITE 'N' BRITE: Concentrated liquid chlorine bleach for laundry applications needing active chlorine. May be used as a bleach in normal laundry operations or as a presoak for blood and protein stains. #2075 🚿

WATER-BASED CLEANERS

Sunrise's water-based cleaners have become synonymous with value and performance. We design all of our products to be highly concentrated for maximum dilution. Much like hand tools, our products have specialized purposes. Contact your Sunrise Rep to find out which option is best for your specific needs.

Category AI

ASSAULT: Water based cleaner/degreaser, free of harsh solvents or caustics. Highly concentrated for max dilution ratios and money savings! #2063 🚿

- Bio-degradable, environmentally compatible
- Non-corrosive, safe for user
- Highly concentrated

Category AI

ATTACK: Hard surface cleaner that dissolves heavy dirt and grease. Great for removing dark scuffs on floors and oil stains on drive ways. #2004 🚿🧼

BRAWNY: Ultra heavy-duty concentrate that makes quick work of difficult situations. Best on fry vat hoods and surrounding areas. For both automatic and manual hood and vent cleaning. #2086 🚿🧼

CHLORFOAM: Excellent cleaner for jobs needing a chlorine based cleaning compound. For walls, floors, machinery, and all processing apparatus.. #2044 🚿🧼

Category AI

GRIME FIGHTER: Highly concentrated compound for stripping away grime, grease deposits, oil, soap scum, and soft carbon deposits. For glass, concrete, sealed wood, tile, and all metal surfaces. #2053 🚿

- Non-toxic and less noxious
- Non-flammable, safer, and versatile
- Bio-degradable

HUSTLE: Citrus-based degreaser for all hard surfaces. Removes soap scum, grease, sticky deposits, and gum from carpet. Environmentally sensitive and 100% biodegradable! #2089 🚿

LASER GREEN: Very highly concentrated cleaner. Ideal for hard surfaces: concrete floors, asphalt, screens, etc. #2078 🚿

LEMON TWIST: Multi-purpose cleaner and deodorizer for medium to heavy-duty jobs. A necessity for accelerating your cleaning solutions! #2030 🚿

NUTRA CLEAN: A neutral pH, odorless liquid for cleaning all types of surfaces without adversely affecting their finish. For wood floors, linoleum, rubber, vinyl, plastic, tile, and all other surfaces. #2031 🚿

ORANGE EXPRESS: The ultimate in water-based cleaners. Free of harsh solvents and caustics. Highly concentrated, dilutable, pH neutral, and safe to use! #2026 🚿

QUICK KLEEN: Concentrated cleaner that effectively removes grease, oil, smudges, and road tar at high dilutions. Harmless to chrome, aluminum, and stainless steel. #2045 🚿

RED THUNDER: Non-toxic, non-flammable, biodegradable, neutral cleaner. This non-alkaline workhorse of a product gives superior results. Economical with a wide variety of applications. #2144 🚿

SANI-BRITE: Pine-scented hard surface cleaner. For bathroom fixtures, toilets, urinals, porcelain, tile, showers, and tubs. #2019 🚿

SCALE-X: The portable toilet industry's favorite product! Urine, scale buildup, grease stains, and the heaviest dirt don't stand a chance against Scale-X. Great for pressure washing. #2174 🚿🧼

STEAMEZE: Ready to use, no messy dissolving or mixing! Reduces soil clogging. **STEAMEZE** quickly removes oil, grease, and dirt from metal and concrete surfaces. The special penetrants in this formula assure a clean surface ready for painting. Do not use full strength on aluminum or its alloys. #2046 🚿🧼

TWIN POWER: Quickly removes deposits of oxidized waxes, greases, baked-on carbon, soot, and other problem substances. No chlorinated solvents or benzene. #2048 🚿

VENOM: Provides controlled amounts of foam that rinse quickly and entirely. For engine blocks, concrete floors, and any hard surfaces. Removes petroleum substances quick! #2191 🚿🧼

VERT-A-KLEEN: Specially designed to adhere to upright surfaces without running. Unique gripping agents allow for increased dwell-time and more efficient cleaning. #2140 🚿

ODOR CONTROL

These products have been uniquely formulated for persistent odors in a large range of industries including waste collection, sewage disposal, etc. Specialty ingredients including enzymes, reodorants, and super concentrated scents are designed for use in the toughest odor situations.

APPLE AIRE: A fresh green apple orchard scent with long lasting capabilities. #1091 🍏💧

CINNAMON STICK: Spicy cinamon air freshener with long lasting capabilities, leaves your home or office smelling warm and inviting. #1000 🍷

CLEAN BREEZE: High-tech "dry" formulation provides the ultimate in freshening, persistence, and cleanliness. **CLEAN BREEZE** is not a mask, it is a neutralizer. This aerosol is made with a unique valve that allows either intermittent spray or total can evacuation for "fogging," which covers 8,000 ft.³ of foul odors. #1063 🌬️

ELIMINATE: Granular odor control. Use in garbage containers, removal equipment, dumps, leach fields, sludge beds, sewers, barns, or wherever strong odors are a problem. This unique product absorbs foul odors while at the same time deodorizes with a pleasant cherry scent. #4018 🍒

HONEY MIST: is the all-purpose deodorant for hotels, hospitals, sewage plants, fire departments, incinerators, trucks, dairies, institutions, schools and motels. Fire departments and insurance companies have found Honeymist to be effective in eliminating odors caused by smoke and fires. #2016 🍯

HYDROFOIL: Effective in reducing the odors of natural gas in-line testing and construction. Reduces odors in grease traps, urinal traps, and drains. Removes urine, vomit, waste, and pet odors from carpeting. Use as a deodorizer in multiple applications. Contains protein, starch, and cellulose digesting bacteria. #2063 💧

ORANGE FUSION: The high diffusion characteristics of ORANGE FUSION allow it to disperse uniformly throughout the target area, leaving a fresh aroma with long-lasting capabilities. #1015/2106 🍊💧

PEACHES 'N' CREAM: The high diffusion characteristics of PEACHES 'N' CREAM allow it to disperse uniformly throughout the target area., leaving a fresh aroma with long lasting capabilities. #1072/#2056 🍑💧

SUMMIT: Specially formulated for controlling odors in sewage disposal plants, lagoons, sludge drying beds, draining ditches, aerators, land fills, refuse dumps, sewer mains, storm sewers, wet wells, lift and pumping stations, garbage dumps, and trucks. For municipal, professional, and industrial use only. #2006 🚚💧

TERMINATOR: Extremely concentrated blend of ingredients used to give optimum performance in the portable toilet industry. **TERMINATOR** has been developed to be effective in each of the four seasons, allowing for the utmost in economy. Available in cherry, mulberry, and bubble gum fragrances. #2092, 2154, 2155 🍒

TERMINATOR ULTRA SHOT: Twice the deodorizing power of regular **TERMINATOR** for extreme situations. Ideal for high heat and high sensitive toilet applications. Approved for land applications disposal due to eco-friendly components. Available in cherry, mulberry, and bubble gum fragrances. #2158, #2157, #2159 🍒

TROPICAL ORANGE: Truly a unique formulation, designed to enhance the ambiance of any target environment. Close your eyes and envision a tropical island paradise with a fresh bowl of sliced oranges. Now you have SUNRISE'S TROPICAL ORANGE. This economical formula can be diluted with water for even greater money savings. Spray TROPICAL ORANGE and wait for the comments to begin. #2099 🍊💧

SPECIALTY PRODUCTS

Our SPECIALTY PRODUCTS are a combination of items you simply won't find anywhere else. If you still can't find the product you are looking for, contact your SUNRISE Rep to discuss our custom blending options!

70% IPA HARD SURFACE SPRAY: For use on: Tables, counters, door handles, steering wheels, seat belt buckles, car seats, floors, glass, grocery cart handles, wooden surfaces, phone receivers, brick, tile, metal, lockers, tools, sthlectic equipment, exercise equipment or any other non-porous surfaces. #1194 🍷

INSECT FOGGER: Total release fogger for fleas and roaches with insect growth regulator. Kills adult and pre-adult fleas. Prevents reinfestation for seven months. For use in rooms, apartments, homes, attics, basements, campers, boats, household storage areas, garages, pet sleeping areas, cabins, etc. #1006 🦟

INSECT REPELLENT: High DEET (40%) concentration allows for maximum protection against a large variety of insects including: mosquitoes, ticks, gnats, flies, and fleas. An important piece of equipment for anyone working in the outdoor elements. Fine mist ensures quick and thorough coverage. #1027 🦟

MICRON 8: A computer age product developed for protecting glass and plexiglass surfaces. **MICRON 8** extends the time between cleanings surfaces and protects from harmful atmospheric conditions. Eliminates surface distortion on computer terminals, reducing eye fatigue for the operator. #1064 🖥️

PYROX A: Concentrated liquid, designed for use in fighting all "CLASS A" fires. The unique blend of surfactants and foam stabilizing compounds makes **PYROX-A** superior for use in foam-generating equipment and standard nozzle and aerial applications. #2112 💧

RECOIL: The answer to cleaning refrigeration and compressor vanes in air conditioning units and heat exchangers. The high-density foam generated by **RECOIL** is ideal for allowing extended working time in those hard-to-reach areas. Attacks a normally time-consuming task with rapid, efficient results. #1076 🚰

THRUSTER: Chemically neutralizes rust and leaves a long-term preventative coating in its place. **THRUSTER** seals, protects, and extends the life of ferrous metal. The application of this compound turns the rusted area into a black protective finish. After curing, the affected area may be painted if desired. #2105 💧

TROUBLE SHOOTER: This fast-breaking, foaming solvent is a must for all shop and maintenance operations. The ease of application makes short work of heavily soiled areas. Use **TROUBLE SHOOTER** to remove grease, oil, tar, brake fluid, some paints, and most other soils from concrete and masonry surfaces. #1093 🚰

How Much Does A Gallon of Sunrise Cleaner Actually Cost?

		Purchase Price Per Gallon			
		\$10	\$15	\$20	\$25
Dilution Rate	1:5	\$1.66	\$2.50	\$3.34	\$4.17
	1:10	\$0.91	\$1.37	\$1.82	\$2.28
	1:15	\$0.63	\$0.94	\$1.25	\$1.57
	1:20	\$0.48	\$0.72	\$0.96	\$1.19
	1:25	\$0.39	\$0.58	\$0.77	\$0.96
	1:30	\$0.33	\$0.49	\$0.65	\$0.81
