

PITCH OFF

AMMONIATED CLEANER

WATER-BASED
CLEANERS

Specially formulated to remove pitch, tar and other resinous materials from tools and equipment.

FEATURES & BENEFITS:

Ammoniated- Dissolves pitch cross links.

Saturants- Penetrates pitch build-up.

Buffered- Reduced fuming.

APPLICATIONS:

This product is formulated for the labor-saving removal of pitch and tar deposits that hinder the lumber and logging industries.

DIRECTIONS:

PITCH OFF concentrate is to be diluted 1-2 to 1-5 in water, depending on the degree of buildup and its hardness. Just rub or spray on the surface, allow a few minutes for penetration and wipe off buildup. Agitation with a stiff bristle brush is beneficial in certain cases. Be sure to rinse with clear water after pitch is removed.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:

FORMULATION:

Ammonia, non-polar solvents, surfactant, potassium hydroxide, builder salts.

TARGET ACCOUNTS:

Lumber mills, cabinet shops, door manufacturer.

SPECIAL CAUTIONS:

None.
