

CLEAR TAC FG

CLEAR FOOD GRADE SYNTHETIC GREASE IN A CAN

FOOD
GRADE

CLEAR TAC FG is one of the most versatile grease-in-a-can lubricants on the market today. With the combination of being a synthetic grease, **CLEAR TAC FG** is designed for use in higher speed bearing applications or where less tenacious grease is required. **CLEAR TAC FG** is multi purpose, non-melting and waterproof and is designed to seal out water and lubricate under the most demanding conditions. Applications for **CLEAR TAC FG** include all plain and anti-friction bearings, slides, pump bearings, wheel bearings, electric motors, sealers, filler O-rings etc...

FEATURES & BENEFITS:

Synthetic grease - Will not break down and last longer.

Clear - No mess and non-staining.

Food grade - Use in areas where food is present.

APPLICATIONS:

Full grease lubrication with the ease of aerosol application.

DIRECTIONS:

Spray a thin film on the surface to be lubricated and protected. To treat hard to reach areas, insert an extension tube on the spray tip. Product will start forming into grease in minutes. **CLEAR TAC FG** is compatible with most rubbers, plastics and metals.

CUSTOMERS WHO USED THIS PRODUCT ALSO USED:
