

GLARE

METAL POLISH WIPES

PANOS PARA PULIR METAL

GLARE has been designed to clean as well as quickly and effortlessly restore the sheen to your stainless steel or metal surface. This amazing wipe can be used virtually on any metal surface with out any harsh rubbing or scraping to remove tarnish. GLARE will leave a protective shine that lasts without any powdery residues. Try the GLARE advantage today.

DIRECTIONS

1. Access your GLARE wipes through the opening located on top of the pail.
2. Flip-open the lid to allow easy removal of wipes.
3. Pull up on wipe and gently pull at a slight angle. This will tear the wipe at its perforation, allowing access to the next wipe. Clean desired surface. A potable water rinse is required when the product is used in a food processing facility.

Sunrise Tip - If your wipes need to be remoisten simply add water into container until desired wetness is achieved.
