**SHAKE WELL BEFORE USING!!**

ALL FREE II has a unique combination of ingredients that markedly reduce surface tension which permits rapid, deep penetration of corroded parts. ALL FREE II has an affinity to metal which aids penetration. Residual oil film lubricates and provides protection against subsequent corrosion. Penetrates and frees rusty parts such as bolts, nuts, lock mechanisms, speedometers, brake cables, fittings, etc. Helps eliminate the use of cold chisels, torches or saws. ALL FREE II has instant action that will cut rust, tar, gum, dirt, grease and corrosion.

**DIRECTIONS**

Apply ALL FREE II to object; saturate rusted or corroded area. Allow ALL FREE II to stand for several minutes. If necessary, tap fitting lightly, and in extremely difficult cases of frozen parts, re-apply as needed.
