The **SUNRISE** lab has figured out an age old problem. This amazing new product has been developed to remove paints, inks, crayons, magic markers and more from all types of surfaces including street signs. **GRAF-TECH'S** unique characteristics allow the user peace of mind in that it will remove the most stubborn graffiti issues yet won't hurt the surface it is applied to, when used according to the directions. Put **GRAF-TECH** to work today and experience the newest of technology in graffiti removal products.

**DIRECTIONS**

• WEAR PROTECTIVE EQUIPMENT •

Face shield, chemical resistant gloves, apron and boots.

Shake well before using. Always test in an inconspicuous spot before using. Do not allow **GRAF-TECH** to sit on the surface of a sign for an extended period of time as it will eventually compromise the integrity of the sign. Apply on the surface, allow a short time to work and wipe off with a towel. More stubborn problems may require a more aggressive towel or a repeat application.

CAUTION

MAY CAUSE DAMAGE TO NON-FERROUS METALS AND PAINTED SURFACES IN CONCENTRATED FORM.
