

T-STRIP

PAINT & VARNISH STRIPPER

OUTDOOR
& INDUSTRIAL
MAINTENANCE

T-STRIP, for ease in removing paints, lacquers, enamels, varnish, shellacs, acrylics, etc. from plaster, masonry, stone, wood, metal; glass or ceramic.

FEATURES & BENEFITS:

Solvent blends- Attacks wide variety of paints.

Wax base- Allows strippers to penetrate surface.

Inhibited- Reduced fumes, less noxious.

Non-flammable- Safe to use.

APPLICATIONS:

The product is designed for the rapid removal of paint, lacquer, varnish, acrylics and shellac. It is formulated for quick penetration of coated surfaces and lifting of them, residues may be scraped or washed away.

DIRECTIONS:

SHAKE WELL. Clean off heavy oil or grease. Make sure surface is dry. Spray **T-STRIP** at 8 to 10 inches from surface. Apply heavy coat. Allow **T-STRIP** to remain until entire surface is blistered or wrinkled. Remove with scraper or cloth or flush with water. If re-application necessary, be sure surface is dry. After use, invert can and use short burst to clear valve.
