

ANNIHILATE

QUATERNARY DISINFECTANT
PLUS: CLEANER - SANITIZER - FUNGICIDE
MILDEWSTAT - VIRUCIDE* - DEODORIZER

**JANITORIAL
PRODUCTS**

ANNIHILATE is a phosphate-free formulation designed to provide effective cleaning, deodorizing, and disinfection for hospitals, nursing homes, hotels, schools, restaurants, and other institutions where housekeeping is of prime importance in controlling cross-contamination from treated surfaces. Authorized by USDA for use in federally inspected meat and poultry processing plants. This product, when used as directed, is formulated to disinfect hard non-porous inanimate environmental surfaces such as floors, walls, metal surfaces, stainless steel surfaces, porcelain, glazed ceramic tile, plastic surfaces, bathrooms, shower stalls, bathtubs, and cabinets. For larger areas such as operating rooms and patient care facilities, this product is designed to provide both general cleaning and disinfecting.

FEATURES & BENEFITS:

- **“Super Quat”** - Wider range of disinfecting
- **High concentrations** - Economical to use
- **Convenient** - User friendly
- **Non-rinse Sanitizer*** - Saves time

APPLICATIONS
