**SOLVEX**

**SOLVEX** is the answer to your single-step, low-cost maximum-performance solvent needs. **SOLVEX** provides excellent grease, oil, fuel and torque fluid cutting ability. **SOLVEX** is excellent for use as a pre-soak prior to cleaning. This product can also be used in conjunction with **SUNRISE' SPUNK** as a secondary solvent for maximum solvent action with the added advantage of water solubility.

**DIRECTIONS:**

Dip, spray or brush **SOLVEX** on item or surface to be cleaned. Keep container tightly closed when not in use. In order to comply with California VOC requirements, dilute 2 parts **SOLVEX** to 1 part of a non-VOC solvent such as **SUNRISE'S SONIC I** or acetone.

**CAUTION:**

**COMBUSTIBLE:** Do not store near fire, open flame or other ignition source. Avoid prolonged or repeated contact with skin. If skin is contacted, wash off with soap and water. Avoid contact with eyes. If eyes are contacted, flush with water for 15 minutes. Do not ingest. Avoid contamination of food or potable water. Consult Safety Data Sheet for further information.
